PROFESSIONAL SUMMARY

Detail-oriented Identity & Access Management Engineer with 3+ years of experience across Microsoft Entra ID (Azure AD), Active Directory, PowerShell automation, and CI/CD DevOps pipelines. Proven ability to lead cloud migrations, integrate enterprise SSO systems, and enforce robust identity security policies.

TECHNICAL SKILLS

- Identity & Access Management: Microsoft Entra ID (Azure AD), Active Directory, Intune, Microsoft 365, Exchange Online
- Automation & DevOps: PowerShell Scripting, Azure DevOps, CI/CD Pipelines, ARM Templates
- Programming & Databases: C#, ASP.NET MVC, SQL Server
- Cloud & Security: Conditional Access, SAML, SCIM, MFA, Hybrid Cloud Environments

PROFESSIONAL EXPERIENCE

MegThink Solutions - Gurugram, Haryana

Entra ID Engineer | Nov 2024 - Present

- Troubleshoot and resolved complex issues in identity lifecycle, licensing, and federated SSO integrations.
- Designed and enforced Conditional Access Policies for MFA, device compliance, and geo-fencing.
- Automated infrastructure and user provisioning tasks using CI/CD pipelines in Azure DevOps.
- Authored runbooks and technical documentation to support IAM operations and onboarding.
- Guided and mentored junior engineers in scripting and Entra ID best practices.

The Software Consultant - New Delhi

DevOps Engineer | Sep 2023 - Apr 2024

- Used PowerShell and ARM templates to implement Infrastructure-as-Code across Azure.
- Integrated Azure Monitor and Log Analytics to reduce detection time for critical incidents.
- Containerized .NET-based applications, improving deployment time by 40%.

HTC Global Services - Chennai

Associate Trainee | Feb 2022 - Jan 2023

- Developed a Vehicle Management System to manage purchases, spares, maintenance, and user data.
- Built modular features for admin and manager roles using ASP.NET MVC and SQL backend.

PROJECTS

Google Workspace to Microsoft 365 Migration

- Led migration for 2,500 users including Gmail, Drive, and Calendar using custom PowerShell scripts.
- Achieved zero-downtime cutover, ensured data validation, and conducted post-migration training.

SAML Integration & Provisioning

- Integrated Salesforce, ServiceNow, and Okta with Entra ID using SAML SSO and SCIM Provisioning.
- Reduced manual account setup by 75% with automated provisioning and Just-In-Time access.

Conditional Access Enforcement

- Implemented granular access control to block non-compliant PowerShell SDK logins, cutting unauthorized logins by 45%.
- Worked with infosec to create quarterly compliance reports for leadership review.

Hybrid Cloud Identity Integration

- Integrated on-premises Active Directory with Microsoft Entra ID using Connect and Cloud Sync.
- Enabled secure synchronization of identities and groups across hybrid environments with policy-based controls.

EDUCATION

- Master of Technology - SVS Group of Institutions, Warangal, Telangana
- Bachelor of Technology - Sreenidhi Institute of Technology, Hyderabad, Telangana

CERTIFICATIONS

- Microsoft Certified: SC-300 - Identity and Access Administrator
- Microsoft Certified: ASP.NET MVC Developer
